MONDAY.....MARCH 10.

EDITORIAL CORRESPONDENCE.

DETROIT, February 28, 1856.

Left Chicago at 6.40 A. M., yesterday, and reached here at 10½ P. M.—four hours behind time. The only enlivening incidents during the way, were music from the Grass Lake brass band on their way to Chelsea, and songs by the ladies while waiting behind time for approaching trains. The Biddle House here is admirably kept by Col. Dibble & Son, and I only hope our new hotel, when built, may fall into as good hands.

Well; I have read a full account of the Pittsburg Convention, and I am much more pleased with it than with the first sketch of it. It was a great gathering, and destined to accomplish something, I trust, for the cause of Freedom. Its action is not all I desire to see, but it is action *in the right direction*, and the men who have taken these steps will, of necessity, move forward. I am sorry so few were present from Wisconsin, and am glad that Mr. Greeley's suggestion that the *time* of holding the Nominating Convention be left to the National Committee *and the Members of Congress*, met with no favor, but with *stern opposition*. The people must keep their own appropriate business in in their own hands, and not allow Congress and our State Legislatures to control the machinery and the nominations of the party. Let us, for once, have a Presidential nomination made by the people, and not one dictated by Congress.

The Know Nothing National Convention was a miserable abortion and will absorb all of the impracticable, pro Slavery and Silver Gray strength of the North. We shall now see who is for Slavery and who for Freedom. I am anxious to know how the *Americans* takes the Fugitive Slave Act candidate. Alas for the Northern doughfaces!

To-night I leave for Buffalo, via Great Western Railway. So Spring will break upon me in a foreign land. S. M. B.

Protection of Fruit and Fruit Trees.

AN act passed the Senate, a few days since, which drew forth some severe remarks from our Madison correspondent, who probably misunderstood its real object. The following is the act, as it passed the Senate:

"Every person who shall wilfully and maliciously enter any Orchard, Nursery or Garden, and take away, mutilate or destroy any tree, shrub or vine, or steal, take and carry away any fruit or flowers, without the consent of the owner thereof, or shall wilfully and maliciously mutilate, cut down or destroy any tree planted for Shade or Ornament, shall be deemed guilty of misdemeanor, and shall be punished by a fine not exceeding $100, or imprisonment in the County Jail for a term not exceeding three months, or both, at the discretion of the Court."

It will be seen that it is not for the punishment of the person "who merely takes an apple, or the child who plucks a flower," but for the protection of *fruit-growers and* nurserymen who have, heretofore, been severely annoyed, and had their property injured, by depredations maliciously committed; and in many cases, where fruit growers had some choice varieties which they wished to test, it has been found impossible to prevent them from being stolen.

Last December, a gentleman of this city had a valuable evergreen, valued at $100, cut from his garden, in the night, for the supposed purpose of making a Christmas-tree. There has been no punishment for this kind of depredations, and the owner could only recover the value of the property injured. This is the real intent of the law, and we hope to see it pass.

"No News of the Pacific!"

THIS steamer, now 43 days out, has not yet been heard of—not even the slightest vestige or or rumor has yet been discovered or received, to which a hope might cling, that the noble vessel and her precious freight of human life, might yet be safe. Steamer after steamer has arrived, and yet no tidings to gladden the souls of fearfully expectant relatives and friends, whose hearts are throbbing with mixed fear and anxiety, for those they hold dear in their memory. The thought that she may have suffered the sad lot of the ill-fated *President*, or the *City of Glasgow*, fills our minds with alarm, and to imagine that she has been o'ertaken by the grim, death-visaged fiends of ice, which are now floating southward from the Polar Seas, makes a chill run through every vein, and fills us with an earnest hope that she may yet be safe.

Mr. Collins, her owner, does not yet despair of her ultimate saftey. The *Atlantic*, of the same line, was once out 52 days, and no word from her, so that a hope still remains, that we may yet hear the joyful cry, "*The Pacific is Safe.*"

A BOLD MOVE—*The Democracy Endorsing Usurpation.*—Flaming German hand-bills were posted about the streets, this afternoon, announcing that there will be a meeting at Young's Hall, this evening, to endorse the course Barstow has taken in denying, that the Supreme Court has jurisdiction to inquire who is the legal Governor of the State and in defying its decrees, and to take measures to sustain the usurping Governor, by force, we suppose, if necessary.

Among the speakers for the evening, we notice the names of Byron Kilbourn, Mayor Cross, City Att'y Foote, D. A. J. Upham, Col. John White, M. M. Strong, Fred. Horn and others.

We are astonished that some of these men should lend their influence for the purpose of accomplishing such unjustifiable ends. We should suppose they would be loth to unite their destiny to a rotten and sinking ship.

The "*Democracy*" are out, drumming up recruits, with a four-horse team, a band of music, and flags floating in the breeze, on which are inscribed "Barstow and the Constitution."

NOTHING FROM MADISON.—We have nothing from Madison, this morning, save the Democratic nominations for City Officers. Consequently we are without the doings in the Supreme Court and the Legislature.

MR. CHAPIN'S LECTURE.

"MODERN CHIVALRY."

ONE of the largest audiences ever gathered in Young's Hall, assembled on Saturday evening, to hear the Rev. E. H. CHAPIN, on "*Modern Chivalry.*" The lecture was able, original in thought, and delivered in a most eloquent manner. We give merely an outline of his remarks, as no report could do justice to the discourse.

Mr. CHAPIN said he would speak of the chivalry of our day. He would not contend that there was much chivalry; but he would illustrate what there was of it. The times are bad enough, but let us think well of them; better to hope, than to be discouraged.

There was no great chasm in the course of ages. The ideas which animated the world during the days of knighthood, were traceable in this age.

There was an age of chivalry, once. But where is it? It lies far back, appearing like a distant landscape. But it is past, and gone. It was thought that this age was barren of the subjects for poetry: that there was too much materialism about this age. But, perhaps, the former ages were not as good as they seem to to have been; there was not much poetry or romance about real, every-day life. He said, many historians and writers spoke of their own times as being the worst. The former ages were apt to be thought more beautiful, from the fact of their being viewed in the distance, and that we were too near our own age, to see much beauty in it. He illustrated this by saying that not so much beauty of scenery appears to the traveler amid a chain of mountains; but when it is viewed at a distance, it appears quite romantic—its appearance being softened by the intervening space.

It was said that, as civilization and knowledge advanced, the spirit of poetry decreased. This may be, because we may not want any more. There were, however, poems of our own age, which would be better appreciated a hundred years hence. He thought that poetry would not be crowded out by the advance of science—it would only be transfigured: that there was inspiration in the steam-engine and telegraph. He did not not deny the materialism and apparent selfishness of this era. But we did not appreciate the romance of our age. The rivulet, in its windings through mountains and forests, was probably more attractive and romantic than the broad river that stretches over a wide plain, bearing on its bosom the commerce of nations.

In speaking of the evils of our age, he said they were not attributable to knowledge.—Knowledge tends to goodness. The evils of this age are not greater than those of former ages; those of our own age appear more hideous, because they stand against the clear outline of knowledge. Therefore, knowledge does not *make* these evils—it only *reveals* them.

Mr. CHAPIN thought there was too little social reverence about our age, such as existed in the ages of chivalry. We read of the sons of the Gauls, as standing behind their fathers, at table, waiting on them. Now it is quite changed. *Punch* gave a true illustration of this, in representing a boy, offering his grandfather some of the "weed," at the same time advising him that, if he had not formed the habit, not to begin.

The reverend speaker said this was a hasty age—our symbol is a locomotive. Everything goes as if by steam. A man is elected President or Governor, almost before he knows he is a candidate. See what it generates. We shun honest labor, and prefer chances of bankruptcy; accept policy, and reject principle.

He said there was chivalry in the work of the Revolution. The uniform of the American soldier was dear to him, stirring up, as it did, a memory of the men who braved every danger in the defense of their country. So will this age seem romantic, in another era, because not viewed in its cold materialism.

It is not true, that all that was good and noble in the chivalric ages, is now extinct. What was its spirit? It was HUMANITY—to defend the weak and oppressed. This, *we* should also do. Let every man accept his turn in working for humanity, and do the best he can. No man was put in the world to be a mere critic. Fanaticism, with all its cruelty, is far better than the cold and icy skeptic, who will do nothing but criticise—accomplishing nothing himself, and discouraging others. He who works for the good of humanity, will not stop to criticise the world. Let all be animated by this idea. And though the notes of the orchestra be not fully perceptible through the storm, yet we hear them and are conscious of their existence. He who can't do everything, will at least try to do something. A true man will work towards doing good. And if he can't take an express, he will take an accommodation train. As the knight of former years was loyal to some grand ideal—Faith, Devotion or Valor—so no community is worth anything, unless it has some object in view. Some men are not MEN, but human vegetables—intellectual squashes. Eating, drinking and sleeping, are no great achievements to boast of; the aim of men should be to add to the good of humanity. He who acts on this principle, and fights against the evils of the age, is a chivalric man. There is no truer knight than he who stands for GOD'S truth and Man's good.

Mr BRIGHAM announced that Mr. CHAPIN'S lecture was probably the last one of the season, as OLIVER WENDELL HOLMES, the Boston poet, who had been engaged to deliver a lecture, was sick, and would probably be unable to fulfil his engagement.

FRAUDS IN THE CHICAGO ELECTION.—The Common Council of Chicago, at their meeting, on Thursday evening last, appointed a Committee to take the census of the Seventh Ward, in which frauds are alleged to have been committed in the late Charter Election. The vote cast in that Ward, was over 1200, 500 more, it is said, than ever cast before. Waupacca's laurels are in danger.

TARDY MAILS.—We publish, to-day our Editorial Correspondence, written at Detroit, Feb 28th, and received here on Saturday last. On Thursday last we published a letter from the same source, written at Buffalo, Friday, Feb. 29th. Thus it takes six days for a letter to come from Buffalo, and eight from Detroit.—If this is not outrageous, we should like to know what is.

The Rev. E. H. Chapin.

THIS gentleman delivered two discourses at Young's Hall, yesterday morning and evening, to the largest audiences ever assembled within its walls, the seats, the aisles, and every available sitting or standing place being occupied, and many stood at the door and on the landing at the head of the stairs, listening to the able and eloquent orator. In the evening hundreds went away, unable to obtain admission.

In the evening, Mr. Chapin took his text from the 4th chapter of John, 19th verse, where the Apostle thus speaks:

"*We love Him, because He first loved us.*"

He drew a theme from this text, which he denominated "God's Divine Love," and made it the subject of his discourse, handling it in a masterly and able manner.

He said that this love was the all-powerful influence over the mind of man, and he cared not what a man's belief was, or to what denomination he belonged, if he was conscious of this Divine Love, and loved God, because He first loved him, he was a true christian, and a nobleman. He beautifully illustrated this enduring love of our Heavenly Father, by instancing the return of the Prodigal Son, and asked if that wayward and repentant youth would have again left his forgiving parents' roof, because he had been once joyfully received, and might be again? An abiding consciousness of God's Divine Love, said Mr. Chapin, is true Religion, and true Religion is *Union with God.*

There is a magnetism in Mr Chapin's oratory, that enchains the attention of the hearer, even in spite of himself, carrying him with him, in his flights of eloquence, in his pathetic illustrations, and in his earnest appeals. We should judge, however, that he was more at home in the pulpit, than on the rostrum.—Never before has such a sermon been delivered in Young's Hall, nor has the hall ever contained such an audience as listened to the discourse last evening.

Grand Democratic Fizzle.

After burning a great deal of powder, expending a great deal of wind in whistling up the courage of the party, and placarding the city for days, the Democracy to the number of about 100 or less, assembled on Market Square, on Saturday evening, to give 1,000 cheers for the "Glorious Victory" of their Chicago brethren. The meeting was organized by the appointment of Don A. J. Upham as President, Messrs. L. L. Mack, and J. A. Noonan, Vice Presidents, and R. Lynch and R. Wasson, Jr., as Secretaries.

The meeting was addressed by the "usual" Democratic speakers—the same who have addressed every meeting of the kind that has ever been held in this city—such as D. A. J. Upham, John White, J. A. Mallory and others.

To stand on Market Square, in a freezing atmosphere and a pelting snow storm, listening to an exposition of Nebraska principles and Squatter Sovereignty, and a defense of Stephen Arnold Douglas, from such interesting speakers as D. A. J. Upham and John White, must, we think, require a greater amount of patriotic devotion to party than exists in the bosoms of a majority of our citizens.

Strong Nebraska resolutions were passed, and cheers for Douglas given, after which they adjourned. It is said that some of the "unterrified" wished to endorse Barstow in his present position, but it was finally thought best not to "try it on."

Milwaukee & Beloit Rail Road.

MESSRS. EDITORS:

At a meeting of the Stockholders of the Milwaukee & Beloit Rail Road Company, held at the Village of East Troy, Walworth County, March 7th, 1856, the following gentlemen were elected Directors of said Company:

WM. J. WHALING, Milwaukee.
J. D. REYMERT, Muskego Centre.
P. PUTNAM, Vernon.
S. ANDREWS, Mukwonago.
E. H. BALL, East Troy;
S. SMITH, " "
J. MEACHAM, Troy.
E. ELDERKIN, Elkhorn.
A. H. BARNES, Delevan.

At a subsequent meeting of the Board of Directors, E. H. BALL, of East Troy, was elected President, A. O. BABCOCK, of East Troy, Secretary, and SEWALL ANDREWS, of Mukwonago, Treasurer.

J. C. CROUNSE.

HALE'S CORNERS, March 10th, 1856.

From Kansas.

A telegraph received from St. Louis, March 5th, says that a despatch from Weston states that the newly elected Free State Officers were installed into office at Topeka, on the 4th inst. It seems that the installment took place without opposition. And the threats of the Ruffians of Missouri that they would resist such action at all hazards, have availed nothing. Now let President Pierce endeavor to interfere with the action of the Free State Men, on the ground of treason, if he dare.

A FACT WHICH THEY DON'T CONSIDER.—Some of the servile, Old Hunker papers of the North, are publishing the following, as an offset to those who complain about Southern aggression:

"The President of the United States, the Speaker of the House, the President of the Senate, the head of the Cabinet, and the occupant of our most important diplomatic post, the minister to England, are all Northern men. President Pierce is from New Hampshire; Vice President Bright, from Indiana; Mr. Banks, from Massachusetts; Mr. Marcy, from New York; and Mr. Dallas, from Pennsylvania."

They refrain from saying, however, that all these, though Northern men, are, with the exception of Mr. Banks, inclined to *look* South. They are just the kind of men the South wants to do her dirty work, and as Northern doughfaces make the most suppliant tools of the Slave Power, she uses them, thereby casting the reproach upon the North, and preserving her own men from the disgraceful work of playing second-fiddle to Southern Slave drivers.

ACKNOWLEDGMENT.—We are under obligations to CHAS. DURKEE and HENRY DODGE U. S. Senators, for several bound volumes of Public Documents—among them the Patent Office Report of the Mechanical Department, for 1854, and Topographical Survey of the South American Coast. Such favors are always thankfully received.

Arrival of the Africa.

THE *Africa* arrived on Saturday, with Liverpool dates to the 23d ult. She brings no news of any particular importance. The Peace Conference opened on the 25th., and much anxiety was felt to the result.

Paris editors have been ordered to write nothing concerning peace or war during session of conference.

Russia is making extensive preparations for a continuance of the war, and private letters state that the former energy of the military department was not abated in the least.

Nothing from the Crimea of interest.

There is in reality, no news of any moment. The Turkish envoy Ali Pacha had reached Paris. The question of precedence had been settled by the adoption of alphabetical order in the conference, which places Austria first.

It is stated that the amount of frauds of which Mr. Sadler, who recently committed suicide, was guilty, is not much short of £1,000,000 in Railway shares, mortgages, &c., while he has also committed crimes of a most diabolical description.

A portion of the advance squadron of the Baltic fleet, has settled up ready for leaving Spithead on the afternoon of the 22d.

Rothchilds have taken the new loan at 90 per cent. This produced a fall of one half per cent in consols.

Nothing further in reference to our difficulties with Great Britian, save that the London *Advertiser* professes to know that Mr. Dallas brings very stringent instructions.

"RASCALLY POST MASTERS" AND THE MAILS.—The Mineral Pt. *Tribune* of the 4th inst says:

It does not appear to us that there has ever been a time when there was as much complaint of the non-receipt of Mail matter, as at present, and we are satisfied that printers suffer their full share of the perplexity. Our Milwaukee papers, with the exception of the *Free Democrat* are received with a tolerable degree of regularity. Mr. Booth's papers are nearly all received, but some of them are from ten days to a month old, when they arrive, and we sometimes get three or four at a time—some from the east and others from the west. The Madison *Argus* we get Tri-weekly, very regularly, but the Madison *Journal* and the Galena *Advertiser* (both Dailies) are received semi-occasionally—sometimes coming a packet full at once. On Saturday last we received the Chicago Daily *Tribune* of Friday, and at the same time that of the 9th ult. Such failures are perplexing.

Our Daily is mailed promptly every evening to the *Tribune*, and if that paper does not receive it regularly the fault is with Post Masters.

LA CROSSE & MILWAUKEE R. R.—The earnings of this road, for the month of February just, were as follows:

Passenger Earnings	$ 7,126 71
Freight "	13,002,00
Total	$20,128,71

The road was opened on the 6th instant to the junction with the Chicago, St. Paul and Fond du Lac Rail Road four miles West of Horicon; and will be opened to the Oak Grove Station on the 12th inst.

WISCONSIN FRUIT-GROWER'S ASSOCIATION.—We find on our table a very neat copy of the transactions of the Wisconsin Fruit Grower's Association, for 1855. Its contents are of much interest and value to all who are interested in fruit-growing. Charles Gifford is President of the Association for 1856; R. W. Parker, Treasurer.

MORE SNOW.—On Saturday evening, we were favored with another slight fall of snow. Jack Frost seems unineclined to relinquish his icy grasp upon the face of nature, and the wintry wind, yestrday, whistled coldly in the clear sunshine. Every body is sighing for the genial, balmy breath of Spring.

NEW POST OFFICES.—Pole Grove, Jackson county, Wisconsin. C. W. McCormick, postmaster.

Lone Pine, Portage county, Wisconsin; Josiah Farmington, postmaster,

Knowlton, Marathon county, Wisconsin; Jacob D Brands, postmaster.

OCEAN STEAMERS LOST.—The following are the names of the ocean steamers lost since the establishment of steam communication between this country and Europe, upwards of 16 years ago. The President, never heard of; the Columbia, all hands saved; the Humboldt, all hands saved; the City of Glasgow, never heard of; the Franklin, all hands saved; the Arctic only a few saved. And the Pacific, it is feared has shared the fate of the President and the City of Glasgow. In the time above mentioned, thirteen lines of steamers have been formed and forty two vessels built, with a capacity of nearly one hundred thousand tons.

☞ A Connecticut paper says that there are twelve churches in a certain county in that State, without ministers, the former preachers having gone to Kansas.

☞ The majority of the committee of the New York Legislature, to whom the bill for the repeal of the prohibitory liquor law was referred, have reported in favor of repeal—stating that the conflicting opinions of eminent legal authorities, as to the constitutionality of the law, should be considered a sufficient reason against its enforcement.

☞ A Union Agricultural Society, for the Counties of Pierce and St. Croix is about being organized.

FOR HAVRE.—The steamship *Arago* sailed for Havre, at noon, on Saturday last. She took out 90 passengers and over $400,000 in specie.

MILWAUKEE AND MISSISSIPPI R. R.—The earnings of the M. & M. R. R. for the past month of February, were $22,646,70 against $26 808 for the corresponding month, last year.

EDITOR'S PORTRAITS.—Frank Leslie, in his illustrated paper, is about to present the public with the portraits of all the prominent editors in the Union. What an array of knowing physiognomies will here be presented! Why wouldn't be an Editor?

KANSAS AID MEETING.—A Kansas Meeting is to be held at Waukesha, this evening. We expect to hear a noble response from that town. Keep the ball rolling!

SOME THINGS LOVE ME.

BY T. B. READ.

All within and all without me
Feel a melancholy thrill,
And the darkness hangs around me,
Oh, how still!

To my feet the river glideth,
Through the shadow, sullen, dark;
On the stream the white moon rideth,
Like a bark!

And the linden leans above me,
Till I think some things there be
In this dreary world that loves me—
Even me!

Gentle buds are blooming near me,
Shedding sweetest breath around;
Countless voices rise to cheer me
From the ground!

And the lone bird comes, I hear it,
In the tall and windy pine,
Pour the earnest of its spirit
Into mine!

There it swings and sings above me,
Till I think some things there be
In this dreary world that love me—
Even me!

Now the moon has floated to me;
On the stream I see it sway,
Swinging boat-like, as 'twould woo me
Far away!

And the stars bend from the azure;
I could reach them where I lie;
And they whisper all the pleasure
Of the sky!

There they hang and smile above me,
Till I think some things there be
In the very heavens that love me—
Even me!

Now when comes the tide of even,
Like a second river slow,
Gentle eyes akin to heaven
On me glow!

Loving eyes that tell their story,
Speaking to my heart of hearts;
But I sigh—a thing of glory
Soon departs!

Yet when MARY soars above me,
I must think that there will be
One star more in heaven to love me—
Even me!

WASHINGTON, 7th,

NICARAGUA.—It is said in consideration of the fact that a large British squadron is understood to be on the way to the coast of Central America, that the Goverment of Great Britain sent word to Mr. Marcy, several weeks since, that British subjects in Central America had supplicated them for aid, and that they should protect them.

Secretary Marcy has been very busy for the last forty eight hours, preparing elaborate despatches, which go out in the steamer of Saturday, with reference to our present difficulties with England. Complete instructions to Mr. Dallas, will accompany the despatches.

Mr. Senator Douglas will not have his report relative to territorial affairs, ready for some days.

NEW YORK, March 8.

FROM AFRICA.—The brig Samuel French brings dates from Sierra Leone to January 29. The fever prevailed with great severity at all the settlements along the coast and rivers, except Liberia and Logos; at Cape coast and Fernando also, it prevailed. An American brig of 200 tons, probably the Chatworth of New York, previously reported complete'y equipped for the slave trade, had been destroyed by a British cruiser. The disturbances still continue at Liberia, and a large force under Col Lewis has proceeded against the insurgents.

The Fortification Bill reported in the Senate to-day provides for expenditures in the State of New York as follows: At Fort Richmond, at the Narrows, $400,000, Fort Schuyler New York harbor, $150,000, Fort Montgomery, at the outlet of Lake Champlain, $100,000.

For purchase of land and for defensive purposes at Staten Island, N. Y., $32,250; repairs of Fort Ontario, near Oswego, $60,000; repairs at Fort Niagara, $10,000; repairs at Fort Wood Bellow's Island, N. Y. Harbor, $10,000. The total appropriations made by this bill amount to $792,000.

DARING HIGHWAY ROBBERY.—About half-past eight, last night, as Mr. Milton P. Peirce was driving into the city, from Medina, upon the Seneca street road, when under the Mahoning Railroad bridge, a man caught the horse by the head, and another presented a pistol within an inch of Mr. Peirce's head, ordering him to "shell out." Taken unawares and unarmed, Mr. Pierce drew from his pocket a roll of bills and passed it to the fellow, saying, "that's my pile." In an instant the horse's head was released and he dashed off, the robber shouting, "a good night's rist to ye!" This occurred within forty rods of where men were switching cars off the track!

Now for the joke—the bills given up by Mr. Peirce were all upon *broken banks!* He remembers the following: Newport Safety Fund, 1s and 2s $8 00. Bank of Massillon, $5 00. Bank of Circleville, $3 00.

Mr. P. had with him $2,000 in good money, and two valuable good watches.—*Clevelander March 1.*

FALL SHOOTING.—On Sunday morning last, a farmer in the Southern part of this county shot a deer through the body; nor was this all, for, on following the game, he found his best cow, a valuable animal for which he had refused $30 the day before, stretched upon the ground, shot through the heart by the same ball. The distance between the man and the deer was estimated at about forty yards, in a direct line; while the distance from the deer to the cow was found to be eleven rods, diverging from a right line some distance to the left. The ball passed entirely through both animals, cutting off several sharp pieces of brush beyond the cow. The deer was found in the woods but a short distance beyond, its wound having proved mortal.—*Grand Rapids Eng.*

FROM PEMBINA.—Messrs. Lasarte and Fagar arrived in town last evening from Pembina. They were eighteen days on the route and had a pleasant trip. The snow on the level is three and a half feet deep; and the cold has been intense and many cattle have frozen to death. The oldest inhabitant considers this the most severe winter ever experienced in the North. The traders who went off in the fall to traffic with the Indians are doing a brisk business. Buffalo robes and furs are very plenty and cheap.—*St. Paul Minnesotian, Feb. 24th.*

WEATHER.—The weather is clear and mild; frosty nights and thawy days; the snow is settling, sleighing is getting gritty in the streets and exposed places; and it is agreed on all hands that winter is about gone.

The farmers will soon commence sugar making. There are some fine "sugar places" in this county.—*Prescott Trans. 28th ult.*

COURT HOUSE GIVING AWAY.—This afternoon, the floor of the Circuit Court room settled nearly two feet, and the Court, deeming it not safe to remain in the room longer, adjourned to Market Hall.

☞ Long Island Sound was closed during the past winter thirty days—an occurrence that has not taken place since the winter of 1835-6, when navigation was entirely suspended for fifty days.

☞ Hon. Chas. Billinghurst, M. C., has our thanks for a copy of Hon. Henry Wilson's speech on Kansas, in the Senate, on the 18th ult.

COMMERCIAL RECORD.

Office of the Free Democrat,
Milwaukee, March 10, 1856.

Business, during the past week, has been very dull, and the spring trade is back ward, in consequence of the continued severe weather. Last year, navigation was opened between this city and Chicago, by the 20th of March, but from present indications it is doubtful when. er we have a boat before the 1st of April.

Prices experienced a decline during the first part of the week, but the news by the Africa, which arrived on Saturday, reported a large advance in breadstuffs, which has revived them again, and created a little more animation in the market.

Produce men begin to feel the pressure of declining prices, and one of our firms, last week, was obliged to suspend, though it is supposed only temporarily. There is yet considerable produce in the country, and as soon as the Spring trade is fairly opened, we may expect a heavy rush of business.

The prospect for fruit in the West, the coming season, is rather slim, especially in regard to the peach crop.—From almost every quarter we hear complaints that the settings have been entirely cut off by the severe cold.

The receipts of produce by Railroad for the past week were as follows:

VALUABLE OIL PAINTINGS.—Mr. C. OTT, has several old and valuable Oil Paintings, from the Royal Art Gallery, in Schaeffenburg, Bavaria, which he offers for sale cheap, as he is about to return to Europe. One of them is a beautiful landscape view in the Bavarian Alps, on the frontier of Tyrol, and another is a hunting scene, in the same mountains. Two others represent very fine and romantic scenic views in the Appenines, in Italian Tyrol.

—He has also a master-piece, entitled "The old Pole," by the celebrated German artist, Rembrandt. And not the least worthy of note is a portrait of the Knight Cornelius, a representative of the Modern German School. The paintings are very fine, and would be valuable additions to the finest of collections. He has also an excellent Milwaukee manufactured Piano for sale. See advertisement.

FAT CATTLE.—Wm. Morgan, of Whitewater, sold, on Friday last, to Thos C. Cole, No. 1 Spring St., a pair of oxen 6 years old, weighing 3,660 lbs., live weight. We state this in justice to Mr. S., who, as a skillful architect, has not a superior in the city.

Great Cure After the Physicians Had Failed.

RUSSELVILLE, OHIO, Jan 10, 1855.

DR. C. M. JACKSON—

DEAR SIR:—*We* would inform you that we are out of Hoofland's German Bitters, which meet with ready sale. One of our neighbors has been doctoring for some time, (we think about two years) *with all the doctors in the country, but of no avail*. He looked about as much like a dead man going about, as anything we can compare him to. His disease appeared to be an *overflowing of the gall*. With hard persuasion we prevailed on him to try your Bitters, with the promise to him if it did no good, we would charge him nothing for it, provided he took six bottles, according to the direction, and is now entirely cured, and has become a well man. This cure has created a great sale in this neighborhood. Respectfully,
EDWARDS & BROWN."

NEURALGIA CURED.

READ WHAT MR. BOYDEN SAYS:—

No medicine ever had certificates from such respectable sources as Carter's Spanish Mixture, Mr. F. Boyden, one of the original proprietors of the Astor House, New York, and for a number of years of the Exchange Hotel, Va., was cured of a severe attack of Neuralgia, by Carter's Spanish Mixture. The rapid and perfect cure effected in his case by this valuable medicine, arrested his attention and excited his interest; he recommended it to others afflicted with a variety of diseases, and in every instance a cure was effected. He has seen it cure Ague and Fever, Rheumatism, Liver Complaint, Dyspepsia, Fevers, Violent Coughs, and cases which were said to be confirmed Consumption, and nearly every other disease for which it is used. He remarks it is difficult to know what disease it will not relieve or cure, and as a Blood Purifier, and Spring and Fall medicine, he had never seen its equal. He cheerfully recommends it on all occasions, and believes it to be most valuable remedy extant.

Crowds of Admirers Visit

FOWLER & HORN'S

GALLERY

NO. 221½ East Water Street, Empire Block, to examine their beautiful and finished specimens of Photographs, Ambrotypes and Daguerreotypes.

Mr. Horn is a painter by profession, and invites public attention to his style of painting Photograph. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the Masters in their delicacy and richness of coloring, far surpass them in exactness of delineation and PERFECT FIDELITY TO FEATURE, expression and nature.

Friends, relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to be all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on ivory.

Particular attention also paid to Ambrotypes and Daguerreotypes, and *ALL THE IMPROVEMENTS IN THE ART* are applied by us as soon as introduced in the East. feb14

THE OPINION OF A LADY,

Who knows Mr. WEVER, and has bought Goods at

WEVER'S DRY GOODS PALACE ! !

—AND—

CARPET ROOMS

158 East Water Street.

Come to the *Palace*, oh, come there with me,
Where Fashion, her ... still holds her levee,
And everybody ... ... Beauty is sold
To Youth or to Age, in exchange for gold;
And their Lady-like charms through life may prolong,
In robes like a Queen's, which sell for a song.
They've Shawls for the taste, and Shawls for the storm,
They've Cloaks which will ... ... and so warm;
They've Carpets of Wilton, of Velvet, and Brussels;
They've Laces, and Broideries, Ribbons, and Tassels;
They've ... Goods for the weeping and sad
They've silks like the sunshine, for merry and glad;
They've fabrics for millions and hold their loves
For those who pay tribute, or come but to see.
If Palace of Dry Goods, so wondrous grand,
Can be aught but a fable of old Fairyland;
But those who know WEVER can't doubt for a minute
This glorious Palace, and all that is in it

Yours, C. H. G.

Now I blush, indeed I do. What modest, married man would not? Yet I console myself with the idea that Beauty always pays tribute to Worth and Merit. Thanking sincerely yet humbly my fair contributor, I trust that by honesty, ... and my gentlemanly bearing, I may ever command her respect.

In the matter of the Estate of DARIUS DISBROW, deceased.

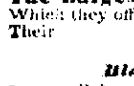

It appearing to the satisfaction of this Court, by the Petition of Edith Disbrow, Administratrix of the Estate of Darius Disbrow, deceased, that there is not sufficient personal estate in the hands of the said Administratrix to pay the debts outstanding against the said deceased, and the expenses of administration, and it is necessary to sell all the Real Estate of the said deceased for the payment of such debts. THE OLD EAGLE GOING IT WITH A RUSH

The Eagle STEAM FOUNDRY

OF

TURTON & SERCOMB,

296, 298, 300, 302 and 304, West Water Street

IS still in full blast, working day and night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planeing Machine or Shaping Machine, three Lathes, and a machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine, and Blacksmithing business. They never were in a better position for doing business, and defy competition in any department.

In regard to the character of the work got up by this,

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation thro' the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man. They continue to manufacture **Flour and Saw Mill Gearing and Steam Engines,** on the most approved principle.

They have always on hand a large stock of BRASS WORK, such as *Gauge and Cylinder Cocks, Oil Cups & Cocks, and Steam Whistles.* Also *Turton's Files,* which they will sell at the lowest cash prices.

They are also Agents for *Eastman's Patent Steam Guages,* which are well worth the attention of all who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

CHARLES PREUSSER,

TAKES PLEASURE IN ANnouncing to his friends and customers, and the Public generally, that he has removed to his new and elegant store, built by him expressly for his rapidly increasing business, on the corner of East Water and Mason streets, opposite the Walker House and Post Office, where he is receiving almost daily additions to his large stock of

Clocks, Watches, Jewelry, Silver and Plated Ware, Fancy Goods,

In fact, of everything usually to be found in a well assorted business of this kind.

As his stock is all new, of the latest and most fashionable styles, purchased direct from manufacturers and importers, and will be sold at a very small advance, he flatters himself that both Prices and Goods will give general satisfaction.

The repairing of Watches and Jewelry will be as heretofore, under my personal superintendence, and I have engaged help enough to do all work with dispatch—Thankful for the kind patronage so liberally bestowed upon me during the past eleven years by the Milwaukee Public, my friends and customers may be assured that no effort on mine will be wanting, to merit a continuance of the same. AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill,* but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

AYER'S CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

THIS remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of COLDS, COUGHS, HOARSENESS, &c.; and for CHILDREN it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—W. L. Hopkins & Bro., H. Bosworth & Sons, Agents Druggists in Milwaukee, and by dealers generally throughout the country.

BOWLING FOR THE MILLION!

The Nucleus of Pleasure Reduced to Five Pence DURING THE DAY!

THE "BADGER STATE" SALOON TRIUMPHANT!

Roll away, roll away, roll away all,
Set up the pins, boys, the price is but small;
Off with the coat, now, and roll up the sleeve,
And at it, my jolly lads—heave away, heave.

With the arm's muscles bare, for one hour, fling
Dull care to the air, and at five cents a string;
Roll away, ball away, hearty and strong,
'Twill develope the man, and his life thus prolong

Who would sit moping all day in his chair,
When pleasure and profit, so rich and so rare,
Can be had, and that, too, at such a cheap rate,
At the Bowling Saloon of the old "Badger State.

Come, then, "Young America," foreleaners, too,
Here's rolling and bowling—not just for the few,
But for old and for young, for little and great—
Come join in the fun at the old "Badger State."

☞Entrance both on Main and East Water Streets.
